

February 2025

Dear Parents and Friends of CTC,

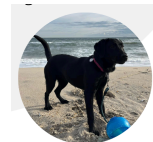

Happy February! We hope this finds you healthy and staying warm on these wintry days. At CTC, we started February off on a positive note with our annual *Cultural Fair and New Year Traditions Around the World*. This was an amazing event and definitely a staff and student favorite.

This month, our theme is "CTC 💖's Neurodiversity." At our school, we have had dialogues with parents and staff as to what this term really means and what we have found is that it can represent different things to different people. This is important. This month we will be creating meaningful, inspiring and fun activities around this theme and let's find out what this means to our Community.

Following up from our last newsletter, some updates:

- ★ Our therapy dog, Lou, will officially start visiting CTC February 27th!
- ★ Our Swimming & Fitness Program at the Randolph YMCA commences in March- YAY!
- ★ CTC has started its own 4 - H Partnership! Volunteers are starting this month with the theme of the Animal Life Cycle. We will also extend this and have our own 4-H Club at the school weekly, utilizing our own staff.
- ★ Our Board and Parent Mix and Mingle Event is approaching. Please contact [kpolster@celebratethechildren.org](mailto:kpolster@celebratethechildren.org) for more information.
- ★ The Neurodiversity Walk in April is building a lot of momentum. We now have 15 Teams registered and more counting. Please visit our website for more information

on how to support and get involved. We will be hosting another parent informational session to answer any questions you may have. More information to come.

**Important Dates:**

**February 17, 2025 - February 21, 2025 - School Closed for Winter Break**

Happy Valentine' Day!

Regards,

Lauren Blaszak
