3. You will then receive an email from Verizon; click on the link "Register My Line" which takes you to Verizon's web page (Note: email link expires in 72 hours).
4. If you have previously registered your wireless number on the Verizon website, this link will bring you to an enrollment page; Do not sign in! Just scroll to the bottom left and click on "Enroll Now". If you have not previously registered your wireless number, the link will bring you to a page requiring you to do so. You must register under the name of the primary account holder with their social security number and wireless number. Fill in the requested information.
